Caucuses Held In All The Wards And Towns In State

No Contest In Local Wards And Regular Tickets Are Elected

State Delegation Unpledged, But Favor H. B. Quimby Surrounding Towns Choose Their Delegates

The republican and democrats alike held their caucuses on Tuesday evening for the selection of delegates and alternates for the various conventions and in some cases other business was transacted such as the nomination of the representatives and ward officers and election of ward committees.

The caucuses were held the same

night in every town and ward in the state and it is the first time that the new state caucus law became effective.

In this city while none of the delegates to the state convention were instructed it is generally recognized that they are solid for Henry B. Quimby of Laconia for governor, and this same applies to the various

towns in this section. There is evidence in the makeup of the county delegates that a lively fight is anticipated in that convention and Ceylon Spinnery who is a candidate for Sheriff got a number of delegates including of course the entire delegation in his home ward.

The following were the results in this city and the different towns in this section.

REAR END COLLISION NEAR YORK CORNER

Conductor Storey And Motorman Hutchins Injured And Passengers Shaken Up

In a rear end collision between the regular passenger car and an extra on the Atlantic Shore Line St. Ry., on the cross country line Tuesday afternoon two passengers and the motorman and the conductor of the extra were somewhat injured, and both cars badly damaged.

The regular open passenger car from Rosemary to York Corner, due at the latter place at 4:30, was followed by an extra in charge of Motorman W. L. Hutchins and Conductor Storey, which was on its way to the Town house car barn.

While near the Norton Brick Yards the regular stopped to allow a passenger to alight and the extra following along too close behind crashed into

the other car, smashing in the rear end of the regular and breaking the dasher and front of the extra.

Motorman Hutchins stuck to his post and did everything possible to stop the car but he was caught in the wreckage after the crash and he had his right foot badly bruised and he was otherwise bruised and cut about the body and legs.

Conductor Storey who was riding on the rear end was thrown against the rear window when the shock came and he was badly cut about the face. On the passenger car there were but a few passengers and Earl Stickney of Elliot was bruised and cut, and a man named Duhe, of South Berwick was thrown and bruised and shaken up.

DELEGATES TO NEW YORK

Local Brewery Workers Selected for the Convention in New York

John Quick and Bartholomew Connors have been elected delegates from the local brewery workers union to the convention of the United Brewery Workers' Union, which will meet next Monday in New York city.

After a heavy meal, take a couple of Doan's Regulators, and give your stomach, liver and bowels the help they need. Regulators bring easy, regular passages of the bowels.

"A dollar saved is a dollar earned." Come into our store and let us show you the stove that never failed to please its owner, by proving itself to be a lasting saving investment. If you will take the time we will take pleasure in telling you the reasons why the genuine Round Oak burns any kind of fuel successfully—why the hot blast for soft coal makes the smoke clear—why the cone centre grate prevents the formation of clinkers—why it holds the fire, no matter how long in use, just as you want it.

REPUBLICANS OF RYE

Delegates Chosen and Other Action at Caucus Held on Tuesday

Rye Republicans held a caucus on Tuesday. Horace R. Sawyer presided with Fred D. Parsons as secretary.

The Republican Club was reorganized by the reelection of Horace R. Sawyer as president and Fred D. Parsons as secretary, with an executive committee of eight.

The caucus chose for election supervisors James H. Perkins and Arthur A. Jenness.

Delegates and alternates, all unopposed, were elected to the various conventions as follows:

State—W. C. Walker, Horace Sawyer; alternates, John F. Fraser, Horace R. Sawyer.

Congressional—Dr. C. P. Patterson, Newell P. Marden; alternates, Elmer B. Trefethen, Lewis E. Walker.

Councillor—George E. Locke, Jonathan J. Rand; alternates, Arthur A. Jenness, Irving W. Rand.

County—James H. Perkins, C. O. Philbrick; alternates, Blake H. Rand, E. H. Drake.

BOY GETS MONEY

Deposited by His Grandmother With Portsmouth Savings Bank

A matter adjusted in probate court at Exeter on Tuesday was the granting of an appeal by Daniel W. Philbrick of Rye in regard to the last will and testament of his mother, Sarah A. Philbrick, also of Rye, which was dated July 4, 1885, and which bequeathed her bank book in the Portsmouth Savings bank to her son, the interest of which was to be paid annually for the support of the Advent society of Rye so long as it continued to hold religious meetings, and whenever the society ceased to hold meetings the book was to go to her grandson, Alfred C. Philbrick. As the society ceased to hold religious services for a period of one year, in accordance with the will, the book was delivered to the grandson.

AT THE NAVY YARD

John A. Owens, a prisoner rearrested by a Missouri detective on his release from the naval prison today, is wanted for fraudulent use of the mails in obtaining money under false pretenses.

The repairs estimated on the U. S. S. Paducah by the department of construction and repair amounts to \$20,000 in material and labor.

One of the clerical employees in the department of supplies and accounts has astonished his fellow workmen with his record as a Marathon runner in his younger days. From all accounts he may take it up again and go against some of the so-called cracks in his department.

Much jealous feeling has come to the surface among the workmen who make up the crews of the South

End boats since Duffy received that prize dog from across the Atlantic.

The combined crews of the Marquette, Eagle and Paducah are talking of holding a joint picnic.

After a record passage to the Azores the scout cruiser Chester came into Boston navy yard on Tuesday afternoon.

Col. A. C. Kelton, superintendent of the naval prison, will be relieved from duty tomorrow.

The hundred-ton shears wanted badly at this yard since July last are still resting quietly at Boston yard.

The department of construction and repair has been cut \$400 in the monthly allowance for September.

BARRETT—APPEL

Joseph E. Barrett and Miss Mary E. Appel, both of Portland, Me., were married at City Hall this forenoon by City Clerk Lamont Hildon. The groom is a native of Fall River, Mass., and gives his occupation as "railroad employee." The bride is the daughter of Mr. and Mrs. George F. Appel of Portland.

FUNERAL OF MR. SMITH

The funeral of D. Curtis Smith was held at North Hampton today. After prayer at the home a public service was held in the Congregational church at half-past two o'clock. Rev. Martin Davis conducted the services.

The burial was at the Center cemetery in North Hampton under the direction of O. W. Ham.

THE HUNT FOR HARBORS

Nearly two years ago it was stated that the Pennsylvania railroad was making enormous purchases of land on Long Island and that its purpose was to run a line of fast steamers from Montauk at the extreme eastern end of the island to Europe. It is now admitted that such is their purpose.

A company of engineers has been at work all summer making plans for railway terminals and piers at Montauk, and draughtsmen are said to have nearly ready the plans of the steamers which are to be built for the line to cross the ocean in quick time. This will cut off more than 100 miles of ocean travel and most of it, travel that is dangerous and made only very slowly and with extreme caution. Many people believe that Long Island will in time, because of this great seaport to be established on the island, "become one great city from end to end, the greatest city in the world."

Way over at Gaspe on the eastern peninsula of the Province of Quebec, lies a harbor to which somebody is building a railroad. That somebody has kept himself in the background while employees did the work, but the people of Canada believe that his name is James J. Hill.

The Grand Trunk Pacific is to develop a new harbor in Nova Scotia. The Canadian Pacific is trying to get a good harbor before they are all gone.

We respectfully invite these people and anybody else in search of a harbor to come and look at Portsmouth with the deepest water of any harbor on the Atlantic seaboard, easily accessible both by water and by land, and protected from the storms which have sometimes wrought havoc with the shipping in other harbors.

BIRD'S-EYE VIEWS

The sudden death of General Harry G. Sargent of Concord removes one of the conspicuously able men of the Granite State. As a lawyer, a state official, a public spirited citizen and—most important of all—as an upright man, he had merited every confidence reposed in him by his fellow men. And the pity of it is that his death seems so untimely for he was in the prime of life, only forty-nine years old.

FISH IN MOULD. POTATO TIMBALS.

An attractive way to serve cold fish left over, or canned fish is in a mould made in the form of a fish. The treatment of the fish depends upon the kind; if canned salmon is used, drain it, flake and pick out the bones, season it a little and add two teaspoons of granulated gelatin soaked and dissolved in a little water. Rinse a mould in cold water, fill with the fish and when firm turn onto a platter, garnish with lettuce and serve cold for luncheon on a hot day.

For a hot fish flake cold cod or haddock, season and add the yolks of two eggs and enough white sauce to moisten. Butter the mould, fill with fish, place in a pan with a little hot water and cook fifteen minutes. Turn onto a hot platter and serve with potato timbals.

For the timbals, boil, mash and beat the potato until smooth and light, add the beaten white of one egg, butter and a little milk. Mould in timbal cups, turn onto a buttered pan, cover the top of each with the beaten white of egg, arrange round the fish and garnish with water cress, parsley, or a little shredded lettuce.

Old potatoes should be pared and soaked in cold water for an hour. Put into boiling salted water to cook. The rule for cooking varies as the season progresses owing to chemical changes which take place in the starch of the potato.

WITH THE THEATRICAL FOLK

"East Lynne" Tomorrow Night

One reason for the undying popularity of "East Lynne," the great emotional drama which will be presented at Music Hall, Portsmouth, tomorrow evening, Sept. 10, by a splendid company, is your interest in it at once excited when Richard Hare is suspected by the villainous Sir Francis Levison. Richard's attorney is Archibald Carlyle, who has just taken as his bride, Lady Isabel, the pretty daughter of an impoverished earl. Isabel's jealousy is wrought upon by the clandestine meetings between her husband and Barbara Hare, Richard's sister. These meet-

she applies for the position of nurse to the little sufferer. Disguised as Madame Vire, she secures the position, but, overcome with emotion at the dying agonies of her boy, she throws off her disguise and reveals herself to him as his mother. She is discovered by Miss Conroy, the quaint spinster sister of Archibald Carlyle, and through her instrumentality a reconciliation is brought about between Archibald and Isabel before the sorrowing mother closely follows her boy into the realms of the unknown.

It will be seen that the character of Isabel moves through many strong dramatic and intensely thrilling scenes and through many strong emotional parts and the actress later, proving it is thus afforded exception-

Log's merely have to do with Richard's trial, but Lady Isabel, not knowing this, and being goaded on by the scheming Sir Francis, who loves her, consents to an engagement. Archibald is plunged into despair, but after a lapse of years, having renounced a divorce, he renounces the unselfish love of Barbara Hare by making her his wife.

In the meantime, Lady Isabel's cap of misery has been lifted by the bribe of Sir Francis' refusal to fulfill his promise of marriage and she leaves him. Learning of the serious illness of her child, whom she had deserted in her unreasoning jealousy, al opportunities for the display of her art.

The production will be under the material stage direction of Mr. Joseph King, who has earned an enviable reputation by his work in staging such well known successes as "The Ninety and Nine," "Uncle Sam," "The Forty and Nine," "The Wife," with Selma Herman, "Tess of the D'Urbervilles," "The Charity Ball" and many other notable productions.

of the magnificent production of "Alice in Wonderland" at America's greatest recreation park, down by the sea at Revere, is refinement.

About all of the quaint characters of the story book appear in the immense admirable production with a few others, such as a conical griffin, a lone fisherman and so on, to add essential comedy elements for an entertainment designed for popular consumption.

The County Sheriff

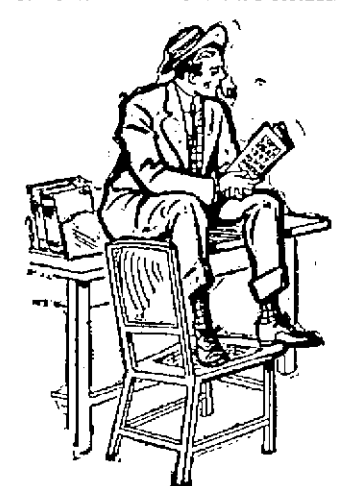

For several seasons there have not been sufficient good or successful plays brought out to meet the great demand and the dearth has given opportunity for the new and unknown playwrights. It was in this way that the author of this season's remarkably successful play, "The County Sheriff," was first brought into prominence. It is a new play of life on a Western ranch. It is a skillful bit of work, of admirably drawn characters, bubbling humor, intensely dramatic situations with a very pretty love story. A play that is sure to please all. It will be seen at Music Hall on Sept. 11. Manager O. E. Wee has taken especial pains to give this place a magnificent production together with a large and worthy company.

World's Biggest Dam.

The lake formed by the construction of the Assuan dam across the Nile is the largest artificial body of water, but this will be outstripped by what is known as the Eagle project by which the waters of the Rio Grande are to be impounded for the benefit of the farming interests. The dam will be of concrete, built between the bluffs of solid rock, and its base will be 65 feet below the bed of the river. Its top will be 190 feet above the river bed, and it will be 1,150 feet long at the crest. At the bottom the construction will be 180 feet thick and 20 feet at the top. This will make a reservoir 175 feet deep and 45 miles long, covering 38,400 acres of ground. The water supply derived from this work will irrigate 200,000 acres of land located in Texas, New Mexico and Mexico. The cost of the work will aggregate \$7,200,000.

The Pope Reads the Papers.

Pope Pius is a firm believer in newspaper reading. His favorites are two provincial sheets, Venice Difesa and Venezia Veritas. The latter paper he has read nearly all his life. When he became patriarch of Venice he happened to make the acquaintance of the editor of the Difesa, then a struggling daily. The editor's views pleased his eminence, and hearing of the editor's high character he offered him his aid. The patriarch's liberality and active support soon gave the Difesa a very wide circulation, and it is now so profitable that it is regarded as one of the most solid institutions of the great city.

THE WEATHER

It is still warming up. The mercury today reached seventy-six at two o'clock, which is the highest mark for a week or more.

The weather is windy with just the right amount of air stirring for the comfort of people and the business of the coasting schooners.

The weather bureau tells us to expect a day or two more of the same kind of climatic conditions.

CITY BRIEFS

No police court today.
P. A. C. day tomorrow.
Pomona Grange at Newington today.

Have your shoes repaired at John Mott's, 21 Congress street.

There is no reason for the main street being so dirty on Sunday.

It would have been better financially to have paved Middle street.

Tuesday night was certainly a busy one with local political workers.

The regular meeting of Storer Relief Corps will be held in G. A. R. Hall this evening at 7.15. Initiation.

Two engineers, two firemen and two watchmen now make up the working force employed at the paper mill.

Have you ever seen any of these young men and boys, who handle the reins of the delivery wagons, around town without a whiff in their hand?

Henry Scamell, superintendent of the Eastern division of the Boston and Maine railroad, and other officials of the company were here on Tuesday.

C. H. Holmes took a crew to North Rochester today to build a highway bridge at Hayes Crossing. The bridge will be a concrete arch with stone abutments.

The Woman's Christian Temperance Union meets with Miss Lizzie D. Tilly, No. 21 Union street, Wednesday at three o'clock. Delegates to the state convention at Nashua will be chosen.

DEMOCRATS OF RYE

FUNERAL OF MRS. TREFETHEN

The funeral of Mrs. Ella M. Trefethen, wife of Dennis H. Trefethen, was held at half past two o'clock this afternoon at the home, No. 22 Washington street. Rev. George E. Leighton spoke words of comfort.

The burial was at the South cemetery in charge of O. W. Hays.

FOSS OF DOVER FOR COUNCILOR

Claimed that District Will Follow the Dover Caucus

The ante-convention battle in Dover over the choice of Republican delegates to the first district councillor convention was the closest and most exciting in many years.

Although confident of success up to the opening of the polls, ex-Senator Frank H. Clark, who was pledged to secure the appointment of a successor to Colonel Thomas H. Dearborn, chairman of the Dover police commission, with the exception of securing one delegate in ward 1 was defeated by very close margins in every ward by ex-Mayor Monroe M. Foss who, although claiming to be unpledged, had Colonel Dearborn's active support.

It is claimed at Dover that the outcome practically assures the nomination of ex-Mayor Foss for councillor and the reappointment of Colonel Dearborn. The vote in every ward was unusually heavy.

IMPROVEMENTS AT POSTOFFICE

Changes Made Under Administration of Postmaster Conner

The great improvement made in the local postoffice by Postmaster Conner since he took charge has called forth much praise from the local public. The addition of another letter carrier to the force to cover the business district is much appreciated by the local public and the increase in the clerical force has given the people the advantage of a night service and an improvement in the day service.

The most important is still to come. The plans have been approved for the complete remodeling of the interior in accordance with the latest ideas and the building will be much more convenient for the crew and for the working force when that is done.

A son was born on Monday to Mr. and Mrs. George S. Parks at No. 6 1-2 Hancock street. He is the sixth child.

THE AUTUMN OF 1908.

We beg to announce the formal opening of the Autumn Furniture Season and to express the firm belief that this will prove the most prosperous year of our existence. We base this statement on the extent and magnificence of our stock, the general prosperity that is bound to come, our greatly increased purchasing power which creates unapproachably low prices, which removes great burdens from the shoulders of workingmen and makes marriage possible among people heretofore kept apart because of limited means.

PARTICULAR ATTENTION CALLED TO OUR LINE OF PORTIERES.

Saturday, Sept. 12, will be observed in this Store as Crawford Cooking Range Day. A Souvenir will be given to each Lady visiting our Store that day.

The Portsmouth Furniture Co., COR. VAUGHAN AND DEER STREETS.
